This article [*J. of Electronic Imaging*, 32(1), 013023 (2022) https://doi.org/10.1117/1.JEI.32.1.013023] was originally published on 6 February 2023 with an error in Eq. 35. Part of the equation incorrectly included the term $\mathcal{L}$.

The incorrect equation appeared as

$$\hat{\boldsymbol{l}}_d^{(i+1)} = \arg\max_{\hat{l}_d} \mathcal{L}((\hat{\boldsymbol{h}}_{c,d}^{(i+1)})^*, \boldsymbol{h}_{\overline{\boldsymbol{m}},d}^{(i+1)}, \hat{\boldsymbol{l}}_d | \overline{\boldsymbol{M}}) = \arg\max_{\hat{l}_d} \mathcal{L}\{\hat{\boldsymbol{l}}_d^H(\hat{\boldsymbol{h}}_{c,d}^* - \hat{\boldsymbol{h}}_{\overline{\boldsymbol{m}},d})\}. \qquad (35)$$

The corrected Eq. 35 is

$$\hat{\boldsymbol{l}}_d^{(i+1)} = \arg\max_{\hat{l}_d} \mathcal{L}((\hat{\boldsymbol{h}}_{c,d}^{(i+1)})^*, \boldsymbol{h}_{\overline{\boldsymbol{m}},d}^{(i+1)}, \hat{\boldsymbol{l}}_d | \overline{\boldsymbol{M}}) = \arg\max_{\hat{l}_d} \{\hat{\boldsymbol{l}}_d^H(\hat{\boldsymbol{h}}_{c,d}^* - \hat{\boldsymbol{h}}_{\overline{\boldsymbol{m}},d})\}. \qquad (35)$$

The article was corrected on 24 February 2023.
